

CILC Meeting  
February 3, 2017

## AGENDA

1. College Curriculum Committee
  - a. PEO's – Program Educational Objectives
    - i. Advisory Council will review them this semester
      1. Can't be changed at this point
    - ii. Look at the college alumni survey
      1. Placement Trends
2. Data
  - a. A-K outcomes
    - i. Student evaluation questions should specifically address these outcomes
    - ii. Are they measuring their actual ability and skills? Or is it just measuring how well they think they know these skills?
  - b. Will ask Deb to put together a graph of the numbers for 231, 270, and 421
    - i. Look for trends
  - c. CDC's
    - i. Are the outcomes assigned to courses okay to use?
    - ii. Common assessments options
      1. Useful for longitudinal assessment
      2. CDC should come to an agreement on this by the end of the month
    - iii. CDC Chairs should be reporting state assessments
    - iv. Continue to make the course specific outcomes the primary focus
3. Additional Discussion
  - a. General skills our students should have
    - i. Professionalism
    - ii. Communication
    - iii. Teamwork
    - iv. These may be something to focus on after the spring semester
  - b. Textbooks/Course Resources
    - i. Possible discussion for a larger faculty meeting
    - ii. Learn about the new technologies
    - iii. Software assessment
      1. Survey the faculty to see what they are currently using
    - iv. ABET chart outcomes
      1. How do we define some of these?
        - a. Example- Lifelong learning
        - b. Need to have a common definition for a uniform assessment
