[50] Interfacial and volumetric kinetics of the $\beta \rightarrow \delta$ phase transition in the energetic nitramine octahydro-1,3,5,7-tetranitro-1,3,5,7-tetrazocine based on the virtual melting mechanism. Levitas V. I., Smilowitz L. B., Henson B. F., L. B, and Asay B. W. Journal of Chemical Physics, 2006, Vol. 124, 026101.

[94] Simulation of Martensitic Phase Transition Progress with Continuous and Discontinuous Displacements at the Interface. **Idesman A.V., Levitas V.I., Stein E.** Computational Materials Science, 1997, Vol. 9, No. 1-2, pp. 64-75.

[144] Investigation of Load Carrying Capacity of Belt-Type High Pressure Apparatus Components. **Levitas V.I., Shestakov S.I., Dushinskaya G.V.** High Pressure Physics and Technology 1984, No. 15, pp. 43-46. (In Russian).

**Proceedings of Conferences**

**Theses**

**Papers in Books**

Preprints and Reports

**Deposited manuscripts (In Russian)**

[269] Constitutive Equations for Elastoplastic Materials. Communication 3. Complete Model of Thermo-
Elastoplastic Materials with Anisotropic Hardening under High Hydrostatic Pressure. Levitas V.I.
Kiev. 1985. Deposited in VINITI 3.10.85, No. 7020-B-85, 38 P.

and Isotropic Materials. Levitas V.I. Kiev, 1985. Deposited in VINITI 3.10.85, No. 7019-B-85,
26 P.

Elastoplastic Processes Theory. Levitas V.I. Kiev, 1985. Deposited in VINITI 3.10.85, No. 7018-B-85,
39 P.

[272] Decomposition of Total Strain Measures on Components at Finite Strains. Communication 2. Three-
Dep., 28 P.

[274] On Objectivity of Constitutive Equations, Containing Time Derivative of Various Tensors. Levitas
V.I. Kiev, 1984. Deposited in VINITI 16.10.84, No. 6738-84 Dep., 28 P.

[275] Some Postulates of the Large Elastoplastic Strain Theory under High Pressure. Levitas V.I. Kiev,

Levitas V.I. Kiev, 1977. Deposited in UkrNIINTI No. 733 DR, 19 P.

USSR and Ukraine Patents (Inventor’s Certificates), in Russian

Ukraine Patent I.c. No. 4681, 17.01.2005, Bul. No. 1, 3 P.

[278] Method of Charging of Surface by Abrasive Grains. Levitas V.I., Makovetskiy V.V., Rusakov
V.I. I.c. No. 1738620. Register of inventions, 1992, No. 21, 5 P.

[279] Device for Compression of Specimens. Hvan D.V., Levitas V.I., Lagunov V.S., Polyakov E.S.,
Hrapov V.V. I.c. No. 1745492. Register of inventions, 1992, No. 25, 3 P.

[280] Method of Charging of Surface by Abrasive Grains. Makovetskiy V.V., Levitas V.I., Nemetz
V.M. I.c. No. 1738621. Register of inventions, 1992, No. 21, 4 P.

[281] Assembling Method for Details with Conical Coupling Surfaces by Press-Fitting. Levitas V.I., Ne-
mirovskiy Ya.B., Petrenko V.I., Nemirovskiy A.B., Stashkevich I.E., Idesman A.V.,
1579699. Register of inventions, 1990, No. 27, 5 P.

1989, 3 P.
