

# MEGSO Town Hall Meeting

**Tuesday, February 11, 2020  
5:10 PM - 6:00 PM  
Marston 2200**

Dear ME Graduate Students Community,

The Mechanical Engineering Graduate Student Organization (MEGSO) is working hard to make sure every graduate student in our department has a platform to voice their concerns. We will be holding a town hall style meeting to hear from you. Please come join us for free food and tell us about your expectations and issues regarding your education and the department in general.

There will be no faculty or staff present at this meeting. You will not have to worry about any retributions from faculty or other members of the department. Remember, you are protected under The Office of Equal Opportunity against any such retaliations. If any of you feel you have been a victim of this please notify MEGSO immediately.

## *Background Information:*

*As the Mechanical Engineering Department undergoes changes they can have a continuous effect on all current and future students. It is important to address problems sooner and work together to make the department more student-friendly. As the voice of the Mechanical Engineering Graduate Students, MEGSO wants to gather as much information as possible to provide to senior leadership so that they can affect change. We would greatly appreciate your presence at this event. If you have any further questions, please feel free to contact [megso@iastate.edu](mailto:megso@iastate.edu) directly.*

***This seminar will count toward ME 600 credit. Pizza and beverages will be provided. To help us better prepare for this event please RSVP by February 7, 2020 using this link: <https://forms.gle/uj7JKqE8DQGfyfUP8>***
