Meet Your Advising Team!

Cyna is a new face in the ME Office! Cyclone through and through, she recently graduated with a Masters in Math, where she spent a lot of time

helping students through their coursework. She brings that expertise with her as she takes on her role as an Academic Advisor! She looks forward to meeting students and supporting them as they find their path in engineering.

Explore Robotics at Johns Hopkins University

Interested in advancing your career in robotics and AI? Join the Johns Hopkins University Laboratory for Computational Sensing and Robotics (LCSR) for a Virtual Graduate Program Open House today, November 11, 2025, to learn more about their Master of Science in Engineering (MSE) in Robotics.

LCSR is a leader in cutting-edge robotics and AI research, with exciting new initiatives in aerial and space robotics and the upcoming Stieff Robotorium Annex, featuring a state-of-the-art indoor drone lab and motion capture system.

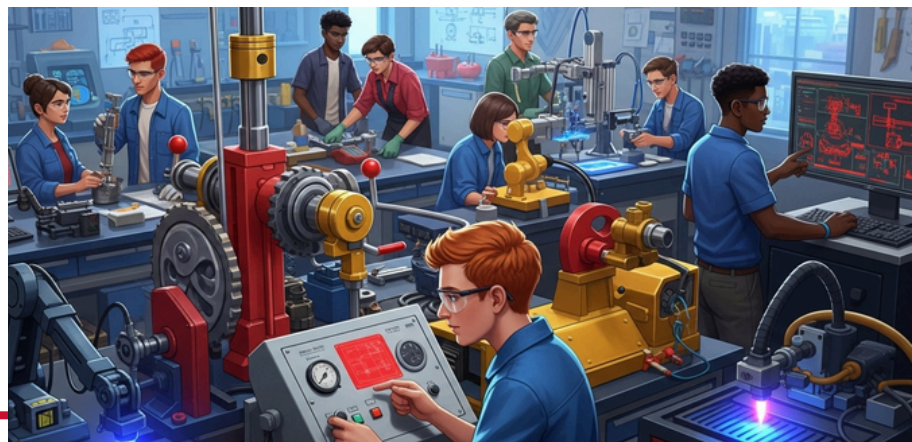

The MSE in Robotics program offers:

- Flexible coursework-only, research, or co-op tracks
- Automatic fellowship consideration (no extra materials required)
- No GRE required and application fees waived

The details:

- Virtual Open House on November 11, 2025
- Application Deadline is January 15, 2026n
- You can learn more and register at the [LCSR website](#)
- Email lcsr-admin@jh.edu with any questions!

Discover how you can join a world-class robotics community at Johns Hopkins!

Summer 2026 Research Opportunity: Marine Science REU at The University of Delaware

Applications are now open for the NSF-Funded Summer Research Experience for Undergraduates (REU) Program in Marine Science at the University of Delaware from **June 8 to August 14, 2026!**

Participants can explore projects in chemical, physical, or biological oceanography, marine biology, marine geology, biogeochemistry, and related fields. The program offers a \$7,950 stipend, on-campus housing, and travel assistance.

- **Application Deadline:** February 13, 2026
- **Learn More & Apply:** Visit the [UD Marine Science Research Experiences for Undergrads](#) website
- **Contact:** Joanna York, Director, by emailing jyork@udel.edu or calling 302-831-7040

Don't miss this opportunity to gain real-world research experience and explore the marine sciences this summer!

SEASONS AT STEPHENS 2025-2026 SEASON
